GOVERNOR'S INDUSTRIAL SAFETY & HEALTH CONFERENCE - OCTOBER 7 & 8, 2009

Great speaker, nice sense of humor Dr. Mee's presentation skills and stories Very funny - witty - smart - loved to listen to him. This is off the charts the BEST workshop I've EVER attended. Learned SO MUCH. Couldn't take enough notes. Got fired from w r Stress It was more and much better than what I expected. Interesting Engaging speaker! Great presentation Very good

What constructive changes would you suggest to make the presentation more effective?

'Need hand-outs for reflection/sharing; leave contact info up at the end!

A hand-out with the slides as they went to fast to make notes.

None

'On-line to review!

However, it really Did not follow the presentation topic. Ask presenter to chage topic title and cater topic to title.

None, very, very good

None

Could have been two hours.

Presentation was good, but seemed off-topic from what I expected! Less about workplace violence, more about simple stress relief.

Copy of presentation

'Hand-outs

'UW's workplace violence was belittled - I attended - it was every bit unsanitized! Copies of slides would have been nice.

A longer time - this is a very important topic.

'Didn't really talk about work place violance. Just recycled an old talk. Good but not on point.

'Enjoyed info but went through slides so fast I couldn't write all down.

None
