

GOVERNOR'S INDUSTRIAL SAFETY & HEALTH CONFERENCE - OCTOBER 7 & 8, 2009

**Session:** What is a JHA and How do I Use It?

**Speaker(s):** Bill Jividan

Number of Evals: 24

	Average
	Bad) 1 - 2 - 3 - 4 - 5 (Good
1. This session was well designed (e.g. pacing, Q A time)	3.1
2. I got information from this session I can use immediately in my job.	3.5
3. The speaker used good presentation skills.	3.8
4. The speaker appropriately involved participants.	3.9
5. This session met my expectations	3.4
6. Did you like the topic?	3.9

**What did you like best about this presentation?**

- good audience participation, lively discussion
- After Presentation discussion!!!
- Duscussion
- the speaker was very clear, concise easy to understand
- Very helpful!
- Instructor remained professional even when dealing with an asshole in the audience!
- Timing
- Good tool
- Provided a nice overview of JHA's, how to use it. Good introduction.
- Good presentation, just too many idiots.
- Short and to the point.
- Example of JHA

**What constructive changes would you suggest to make the presentation more effective?**

- !More details / examples.
- !Design presentation to fit the time.
- !More "Hands On" By watching a task & using instructor guidance to do a JHA
- !Professional safety Engineer has not given training before and doesn't know how to pace the lecture. Scheduled for 1 hour, through the presentation in 20 minutes.
  
- Presenter did not adequately show the difference between JHA & JSA. Seemed to point to similarities.
  
- After presentation discussion stretched the subject out to a total of 32 minutes.
- !A little longer, take a job hazard/procedure and develop it into a JHA. Utilize participants.
- !Example JHA Handouts to hard to read on presentation sheet
- !Correct the typos in the presentation
- !Slow down; provide more info on this topic.
- !More examples; what's the real difference between a JHA & JSA?
- !Improve presentation pacing. It moved a little too fast.
- !Ask people to not ask stupid Q's related to these reporting or training recordings!

- !Have visual aid for JSA
  - !Include JSA in presentation as well.
  - !Include more information on Risk Assessment
- 

**Suggested Topics for next year:**

- JHA & JSA Detail
  - FHA - Protection/Inspections
  - Maintaining your OSHA 300 Log -Claims issues with L&I -Silica/Asbestos/lead -MSDS -Blueprint readings
  - JHA vs JSA
  - JHA's as required by DOSH. Framework in DOSH when and why.
  - Advanced JHA & JSA Training
-
