6. Did you like the topic? 4.7

What did you like best about this presentation?

Dynamic presentation - FANTASTIC! I trust bill and his info / suggestions

all involvement

Great speaker, dynamic

Great Presentation!

Great speaker very usefull info

Audience participation

Worksheets

Awesome info.

Being involved, the instructor was believable, he's from the field just like us.

Good Speaker

Generated good discussion and brought concepts/principles to the surface.

Inspiring speaker, awesome presentation, really informative, lots to think about and apply immediately in the workplace.

Involvement of audience.

Presenter - good motivator & working with audience.

Takes safety to a leadership level.

This topic was very informative and interactive

It was very interactive and engaging. Good Pace.

Personalization of safety

Well spoken, knowledgeable, personable, very good information, asual learning environment, fun.

Very important topic that is often overlooked. Great Speaker!!!

Interacdtive, learned about topic and myself.

Not many slides, interactive, etc.

Good eye contact, well done.

The involvement of the participants.

leadership focus - participation /activities.

Governor's Industrial Safety & Health Conference

SESSION EVALUATIONS

GOVERNOR'S INDUSTRIAL SAFETY & HEALTH CONFERENCE - OCTOBER 7 & 8, 2009

Bill did a great job on leading this topic.

a lot of audience interaction; made us THINK!

Reference sheets to take home.

Relatable - funny - brings it home.

Very interactive, dynamic speaker

Talked about safety & production as one.

Group participation.

bill did a great job.

Practical

Good examples

Speaker was well spoken, NOT boring

The class participation. The energy

High participant involvement

It's real and can be used in my daily work.

Parcipation

Like the handout to take back.

Good practical solutions

Good presenter

group discussion, participation

Reaffirmed knowledge I have but often shelve.

He lives with a safety bias - believe in what he is teaching - Great!

Nice work!

Interaction of & got tools to use - Gr8 topic

Content / presenter Great Job Bill!

Class work with those by you.

Personable.

Good sensible approach to a safety program that actually works.

Great Audience Involvement

Very interactive and great audience feedback.

Left with tools not just information.

Great job relating content to real examples. THANKS.

Very interactive and I will use the materials.

Involvement

Everything

Safety Bill's ? Coroungt? Covoungt? Coroingt? Covering?

Very inspirational; ideas apply to all areas of life, got us involved witth others I leared A LOT! Speaker implements the 6 dimensions of trust! So his training speaks for itself!!

GREAT! Interactive and fun, I'm proud what I've learned. Best speaker of my conference experience...

Governor's Industrial Safety & Health Conference

SESSION EVALUATIONS

GOVERNOR'S INDUSTRIAL SAFETY & HEALTH CONFERENCE - OCTOBER 7 & 8, 2009

Rest session	I went to all	conference.
DEST SESSION	i weni io an	connerence.

Good speaker

Trust assessment

Emphasis on personal commitment and demonstration of trust by leadership.

Involvement

Practical, how to concepts for improving my performance.

Realistic

What constructive changes would you suggest to make the presentation more effective?

Can't see how it could be better.

None

Needs more time for this presentation

None

real

He comment that this was only part of his whole training -

None

None

Good as is.

In/a

None.

IN/A

More about safety itself.

None

in/a

More Time, More people

Give lady next to me a bottle of water so she doesn't cough on me.

More examples of how to build trust.

None

We need name of this subject to help others operate safely! It's about choices people make.

None

Have someone introduce him & know when the class starts & ends.

IN/A

No group interaction.

NONE!! PHENOMENAL!!

None

Offer suggestions for applying course conepts in environments where safety staff are technical advisors only and operational managerss decide whether to follow safety rules or policies. This is commen in large bureaucracies. Call if you want to discuss. Mike Tompson 425-783-5587 Work.

Suggested Topics for next year:

Keep it every year.

None

maybe next year more time for entire program or "Part II"?

Building Management / Worker Trust

Governor's Industrial Safety & Health Conference

SESSION EVALUATIONS

GOVERNOR'S INDUSTRIAL SAFETY & HEALTH CONFERENCE - OCTOBER 7 & 8, 2009

Attitude, Morals Influence on safety

Have Bill put on expanded program for this topic.

Same. Continue to evolve.

Ergonomic topics

BRING IT BACK!

N/A

How to be inventive in helping others choose to operate safely.

Refresher on this class.

More on leadership by Bill Kessler

Leadership is always a great topic.

Safety Leadership

KEEP THIS TOPIC!

Other Comments:

Safety Leadership

question 3 marked a 5 +++

Pole top rescue - you'd have more audience if after the dummy is down & the pair are starting CPR, have someone take the dummy back up the pole & it would keep the pace of something going on constantly, instead of everyone waiting around watching set-up all the time.

This session met my expectations - rated a 5+
