**What constructive changes would you suggest to make the presentation more effective?**

- !Involve the audience more
- !Too much focus on specific equipment
- !What about being complacent with co-workers. IE "I'm so comfortable working with Ned and I really trust him until he smashed my foot; knocked me into the water."
- !more in on all aspects of jobs
- !Did not include how to educate your workers - just that all equipment has blind spots.
- !More content on just going over all the blind spots

**Suggested Topics for next year:**

- Same topic . . . Please
- Pedestrian awareness
- Shift workers stress
