

# 2001 GOVERNOR'S INDUSTRIAL SAFETY & HEALTH CONFERENCE – REGIONAL FORKLIFT RODEO

## **DRIVING INSTRUCTIONS**

The Start/Finish area has two stations. Drivers will alternate stations. When one driver finishes the course & the judges are completing that driver's evaluation form, the next driver will immediately start with another set of judges.

You will start the driving course with a load. You will be given the OK to start your engine by the starter. The starter will then ask – "Are you ready to drive?" You will indicate YES or NO. If YES, the starter will check if your seat belt is secured. If not fastened, you will be reminded to secure it & you will lose points. The starter will then say to you - "You may start when ready". Your time will begin when the forklift begins moving.

Drive FORWARD from the Start/Finish area to Station #1. Unload at Station #1.

Move FORWARD with no load to Station #2. Load the pallets as indicated by the colored tape.

Drive FORWARD to Station #3. Unload on the bottom tier of the rack.

Drive FORWARD or BACKWARD to Station #4 & load the pallet(s) as indicated by the colored tape. Move to Station #5 (either FORWARD or BACKWARD) & unload on the top tier of the rack.

Now go to Station #6 (either FORWARD or BACKWARD) & load the pallet(s) as indicated by the colored tape. Drive in REVERSE thru the obstacle course & return the pallet(s) to Station #6.

Load (at Station #5) the pallet(s) as indicated by the colored tape. Drive (either FORWARD or REVERSE) to Station #4 and unload the pallet(s).

Go to Station #3 (either FORWARD or REVERSE), load the pallet(s) as indicated by the colored tape, drive FORWARD to Station #2 and unload.

Go FORWARD to Station #1, load the pallet with the tube & drive BACKWARD to the Start/Finish Station.

### **NOTE:**

***YOUR TIME WILL NOT STOP UNTIL YOU HAVE PROPERLY PARKED, LOWERED THE LOAD & SET THE PARKING BRAKE.***
